Descriptions of single lots will always mention any faults/defects that may be present. But we do not specifically describe even aging/toning of gum, especially on items from tropical countries.

The Terms & Conditions of sale are printed on the back of the bid sheet, and are also available on our website.

CONDITION OF STAMPS IN COLLECTIONS & ACCUMULATIONS:

- Any such lots may contain some material with faults, which is taken into account when setting the reserves & estimates on such lots.
- Description of condition of such lots is on the basis of what is the prevailing condition of the material ie: “Mostly F-VF” means some faulty items as well. Our descriptions will usually not specify the condition of individual items included in collection lots, nor will we specifically mention any faults/defects that they might have.
- As is the rule with all public auctions; collections, accumulations & mixed lots are not returnable.
- We encourage bidders to view such larger lots before auction, have somebody view for them, or ask us for extra information.
- We are always happy to answer any queries about specific stamps that are in a particular lot & their condition and/or provide scans of better items.
- Also, we are happy for bidders to phone us during the viewing times (but not on auction day!) and ask for expanded description of any lots. One of our describers will then take out the lot and go through it with you on the phone answering any questions about contents, condition etc.

CONDITION OF COVERS / CARDS etc:

Postally used covers/cards can be expected to show some wear consistent with their age and travel through the mails such as filing folds, backflap or edge faults from opening, slight reductions etc. Unless severe or affecting stamps, these will not be mentioned, and are not grounds for returns.

2741 Papal States: 1867 Arms 3c black on GREEN glazed paper, UNISSUED. This stamp was prepared as part of the new 1867 series of 6 denominations 3c to 80c, but before they were issued it was decided to change the postal rates & introduce a new 2c value. This new 2c was then prepared in green & thus the 3c changed to grey/drab colour, & all sheets of the 3c green were then officially burned, with only couple single stamps retained in archives, Fresh UN (it was never gummed), pressed diag crease & expertly recoloured surface rubbing etc, but beautiful bright colour & fantastic appearance.
